ABOUT ME

I'm a passionate full-stack developer who loves creative problem solving. My background in copy editing combined with my technical skills provide me with a unique skillset and an impressive eye for detail. I look forward to joining a team who loves what they do and where I can continue to grow as an engineer.

CSS
Jquery

METHODOLOGIES
OOP
MVC
Restful APIs

AWARDS

Coding Dojo Class Valedictorian

PROJECTS

C# Project — Starbi   JAN 2020
First-player, world explorer game built with Unity. Wrote C# scripts for rotating, collectible items, movement script for vehicles, and modified cat character asset to look like my dog and follow main character.

Angular Project — The Adventures of Mr. Fox   DEC 2019
Grid-style game with pop-up components and interactive buttons. Solved problem of character not interacting with map, wrote collision methods, coded story components, created action buttons with audio.

Python Project — Savour   NOV 2019
Web app for saving recipes and generating a shopping list and additional recipe suggestions using an API. Used Beautiful Soup web scraper and RegEx to create items on shopping list. Designed several web pages using Bootstrap. Created template for a "Settings" page with allergy/food preferences.

EXPERIENCE

Freelance Copy Editor — Self-Employed

SEPTEMBER 2010 — PRESENT

Copy edit, proofread, and/or format client work, including blog posts, press releases, marketing materials, email sequences, print and digital magazines, book manuscripts, and more.

Project Manager — Real Team Panda

OCTOBER 2018 — MARCH 2019

Prioritized tasks; built project frameworks; set goals; communicated with a team of four contractors to ensure deadlines and expectations were met; monitored Google analytics.

EDUCATION

Coding Dojo, Chicago, IL — Certificate of Completion

OCTOBER 2019 — JANUARY 2020

Spent 15 intense weeks learning to be a master programmer in Python, C#, and MEAN, while also gaining experience with pair programming, Git, Github, Unity, and deployment using AWS.

Western Washington University, Bellingham, WA — Bachelor of Arts in English literature

Graduated March 2011 cum laude
